MANAGEMENT

BRAND - The Welcome

Showcase your brand and impress your guest with a sleek and professional welcome. All customised with your branding to ensure you make a great first impression.

CUSTOMISE - The Experience

A sign-in process that is streamlined to your visitor work-flow. Custom forms and questionnaires, multi-lingual screens, photo capture and custom badges.

AUDIT - The Visit

Ensure compliance with all industry standard health and safety regulations. Configure Site notices, and legal documents while storing all audited data for future retrieval.

WHAT MAKES Our Platform Unique

- 1 Tailored to You:** Design a visitor experience to suit your brand and fully customise the sign-in flow and data capture of the visitor information that is important to you. Simple, tell us what you want and we'll create it.
- 2 Multiple Technologies:** Our fluid responsive software enables a flawless experience on platforms from 10" iPads to 32" inch screens. Prompt registration and check-out can be facilitated using Mifare™, RFID cards and tags, QR code scanning and privacy PIN codes.

- 3 Smart ID Badges:** Your brand is reflected by the ID badge you issue. Our environmentally rewrite technology lets you to print and erase onto the same plastic ID badge up to 500 times. All custom printed with your logo and colours. Other options include paper tickets, plastic cards, to RFID key fobs.

- 4 Store in Cloud or Locally:** Opt to store you data in the cloud or within your own local server network using our dedicated networked docker.

- 5 Security Protocols:** The integrity and safety of your network system is critical. Our system can be configured to work independently of your network framework without compromising or requesting dedicated access rights to your network.

- 6 Security Protocols:** We integrate technologies and features that add value to the visitor experience. Everything from meeting room scheduling to multi-tenancy notifications. If you have a bespoke requirements , call us today to discuss.
